What is Down Syndrome?

Down syndrome is a genetic condition that occurs in one out of every 733 live births. It affects people of all ages, races and economic levels and is the most frequently occurring chromosomal disorder. Down syndrome affects more than 350,000 people in the United States alone. Recent advances in our understanding of Down syndrome have resulted in dramatic improvements in the life span and potential of those who are affected.

Where does my donation go?

As an affiliate of the National Down Syndrome Society, a portion of these funds will be used to support their efforts in the areas of research, education and advocacy. Our local association seeks to develop and disseminate accurate information for all publics, and to encourage and support programs, which lead to the development of practical skills, speech/language facility and a sense of self-worth.

Buddy Walk History

The Buddy Walk was developed by the National Down Syndrome Society in 1995 to celebrate October, National Down Syndrome Awareness Month and provide an annual public platform for advocacy. It brings together people with Down syndrome and their invited "buddies"—everyone from friends and family to teachers, politicians and co-workers—to promote acceptance and inclusion for people with Down syndrome and to raise funds for education, research and advocacy programs.

The Buddy Walk is a one-mile walk in which anyone can participate without special training. The walk has grown from 17 walks in 1995 to more than 260 in recent years. Hundreds of thousands of people walk from coast to coast and around the world each year. The goal of the Buddy Walk is three-fold: to promote acceptance and inclusion of people with Down syndrome; to raise the funds necessary to develop innovative and effective programs; and to enhance the position of the Down syndrome community, enabling us to positively influence local and national policy and practice.

About NDSS

Mission: The National Down Syndrome Society works through education, research and advocacy, to ensure that all people with Down syndrome have the opportunity to achieve their full potential in community life.

Programs:

Education. Through model programs, Website, Information and Referral Center and more, NDSS provides targeted, in-depth information that meets the diverse needs of its constituents.

Research. The Society hosts international research conferences and funds research both independently and through a partnership with the NIH. NDSS is the largest private group to fund Down syndrome research in the U.S.

Advocacy. In cooperation with its more than 135 affiliate groups, NDSS has influenced important local and federal legislation, established October as National Down Syndrome Awareness Month, organizes the Buddy Walk and much more.

About DSAJ

DSAJ is an organization of parents of children with Down syndrome.

Our Vision...A society in which individuals with Down Syndrome are included and valued as contributing members of the community.
