

# DRESS DOWN FOR DOWN SYNDROME

The Down Syndrome Association of Jacksonville is excited to announce the Dress Down for Down Syndrome program. This program is a way to promote the acceptance and inclusion of individuals with Down syndrome among our businesses and community organizations. Participation in this program is an opportunity for local companies and schools to encourage team building, energize the work force and boost morale while helping families in their community. For a small contribution to the DSAJ, individuals are permitted to wear casual clothing to work, along with a Dress Down for Down Syndrome sticker.
